Work experience

May 2019 – Present **Short Term Rental Manager, Airbnb** (part-time)   **Katerini, GR**

Managing short-term rental properties, including maintenance, guest communication, and reservations. Coordinating cleaning, addressing issues, and ensuring guest satisfaction while maximizing occupancy and compliance with local regulations.

Jun 2024 – Nov 2024 **Web Developer, hajni GmbH**   **Zurich, CH**

Enhancing digital experiences for medical professionals by developing responsive, user-friendly websites, optimizing performance, ensuring security, and implementing SEO best practices.
Collaborating with UX designers to create intuitive interfaces and with digital marketing teams to integrate tools that boost online visibility and engagement.

Sept 2022 – May 2024 **Web Developer, Freelancer**   **Zurich, CH**

Creating and maintaining client websites on a project basis, ensuring functionality, responsiveness, and optimal user experience. Coding, designing, and optimizing sites to meet specifications while collaborating remotely with clients to understand their needs and deliver high-quality, customized solutions.

Apr 2021 – May 2021 **Machine Operator, Faltec Europe Limited**   **Washington, UK**

Operating and monitoring machinery in a production setting. Setting up machines, loading materials, adjusting settings, and ensuring proper equipment function. Performing quality checks, troubleshooting issues, and conducting routine maintenance to meet production targets and ensure operational integrity.

Dec 2020 – Mar 2021 **Software Operator, Simpson Group**   **Washington, UK**

Managing and operating software systems on printing stations (ZUND/DUST). Installing, configuring, and monitoring software, troubleshooting issues, and ensuring functionality. Collaborating with IT teams and handling routine maintenance to keep systems running smoothly and support operational needs.

Education

2024 – Present	**Master of Science, Applied Mathematics**	**Xanthi, GR**

Pursuing advanced knowledge in mathematical modeling, numerical analysis, and computational methods to address challenges in engineering, finance, data science, and technology. Building on my Applied Informatics background to deepen expertise in mathematical theory and its applications.

2017 – 2021	**Bachelor of Science, Applied Informatics**	**Thessaloniki, GR**

Focusing on the practical application of information technology in various contexts. Acquired skills and knowledge needed to address real-world challenges in the field of informatics, which encompasses areas such as Computer Science, Information Systems, Economics, Mathematics, and Statistics.
Ranked in the top 17.4% of my class.
